“Building clean, intuitive digital experiences”

ABOUT

Hi I’m Jalandie M. Baraocor, a 4th-year BSIT student at USTP-CDO Campus with a passion for creating accessible, user-centered digital experiences, while continuously learning and growing as a future full-stack developer.

With a strong focus on UI/UX design, I aim to craft interfaces that are both functional and visually engaging. I am dedicated to developing user-centric solutions that enhance usability and accessibility, combining aesthetic appeal with strategic functionality to deliver intuitive and effective digital experiences.

SKILLS

- HTML
- CSS
- JavaScript
- MySQL
- Pandas
- Typescript
- C++
- Github
- Firebase
- Figma
- Jupyter
- Canva
- Bootstrap
